

# HAVSÖ

## SAFETY INSTRUCTIONS

- For best results, use alkaline batteries. The product requires 4 pcs "AA" batteries (not included).
- Install only new batteries of the same type in your product.
- Failure to insert batteries in the correct polarity, as indicated in the battery compartment, may shorten the life of the batteries or cause batteries to leak.
- Do not mix old and new batteries.
- Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium) or (Nickel Metal Hydride) batteries.
- Do not dispose of batteries in fire. Batteries should be recycled or disposed of per local guidelines.
- The product is intended for indoor use.
- This product is not a toy. Do not allow children to use it without proper supervision.
- Keep packaging material and batteries away from children!
- Keep the mill clean and dry at all times and avoid contact with water.
- Suitable to use with all dry based spices, salt and peppercorns.
- Save the instructions for future reference.

## INSTRUCTIONS

1. Twist and lift the top cover of the pepper mill to reveal the battery part, see figure 1 and 2.
2. Remove the semi-transparent plastic tube from around the battery holder, see figure 3.
3. Insert 4 x AA batteries, see figure 4.
4. Replace the semi-transparent tube over the batteries, see figure 5.
5. Pull up the battery part, then put spice into the transparent container, see figure 6.
6. It is recommended to keep the pepper mill 80 % full at all times to ensure it functions smoothly.
7. Install the battery part onto the transparent container, see figure 7.
8. Replace the top cover by twisting clockwise until it clicks into place with the bottom of the pepper mill, see figure 8.
9. Press the button on the top of the mill to activate the grinder, releasing the button will deactivate the power, see figure 9.
10. There is a screw under the bottom of the mill; it can be turned to adjust how finely the spice is ground.
11. If any spice becomes stuck in the grinder then gently shake the pepper mill, alternatively unscrew the nut revealing the ceramic grinder plates, these should be cleaned periodically.

## SPECIFICATIONS

Art. No.	Daniel 1.0
Battery type	4 x AA batteries

## ENVIRONMENT

This symbol on the product or in the instructions means that the electrical and electronic equipment must be disposed of separately from other household waste when it does not work anymore. The EU has separate waste collection systems, contact your local dealer or authority for more information.

This symbol on the products packaging means that the material is recyclable.

## LAW AND SAFETY

This product has been manufactured according to current regulations for electromagnetic fields (EMF), which means that it is safe to use if used according to safety instructions. The product is manufactured according to current regulations within the EU legislation, limiting the use of hazardous substances in electrical and electronic equipment.

## RESERVATIONS

We reserve the right to correct any typographical errors, and reserve the right to make ongoing changes and improvements to the product and related materials.
